

CAPABILITY STATEMENT

MMC CONSULTING

MMC Consulting provides mission critical solutions to federal agencies that enable our clients ability to execute their missions. An SBA-certified 8(a) WOSB, MMC takes a results-oriented approach grounded in improved engagement, processes, organizational structure, and better stakeholder experiences. This has resulted in over 4 billion dollars of acquisition and program management solutions delivered on behalf of a dozen agencies across four continents.

MISSION

“Empower the Possible” through transformative solutions that deliver measurably improved outcomes.

MMC ADVANTAGE

We deliver innovative solutions with a principled approach that transforms operational efficiency and organizational effectiveness. The foundation of our culture is a commitment to 4 E's of success:

Engagement + Empowerment + Execution = Excellence

PAST PERFORMANCE

- **FEMA/FIMA.** Managed acquisition team and performed a workforce assessment of the Federal Insurance and Mitigation Administration's organizational and operational workflows. Recommendations led senior leadership to create a COR/PM acquisition lifecycle CoP and training program.
- **General Services Administration.** Led the EXPRESS Pilot Program focused on procurement efficiency, streamlining and accelerating the contract award process. Awarded 34 contracts (\$268M) in 15 months, with 71% to small businesses. The program was adopted as part of FEDSIM's product offerings.
- **United States Agency for International Development (USAID).** Responsible for management of global training and certification programs for procurement and program management professionals. Provide acquisition and leadership training development and delivery across 8 countries on 4 continents.
- **USAID/Kosovo.** Strengthen the regional workforce by providing expert-level acquisition and assistance support, technical assistance, and coaching. Provided on-site training programs to equip staff to effectively execute acquisitions while fostering sustainable procurement practices.
